Lee Shippey Writes On Memories

ONE OF THE SAD inevitabilities is that we cannot go forward very far without leaving much that was lovely behind. Yet it is good to look back now and then, for every treasured memory is a blessing and the mind and the heart are the only treasures no disaster nor accident nor whim of chance can bankrupt.

For example, I always smile with pleasure when I remember the Arts Guild, the group which more than any other seemed to express the spirit of the old Sierra Madre.

It usually met in Alfred Dewey's studio, which often was so crowded we almost had to sit in one another's laps.

The meetings were completely informal, relaxed and almost completely spontaneous, yet they had the blessings of such community leaders as the Rollins Lewises, Mrs. May Wright and Mrs. Ida Lawless.

ROLL LEWIS was the only banker I've known who felt art was such an important part of a community's life that it was the duty of bankers to support it, and many a time he bought a picture for the bank or for himself because he felt a truly deserving artist deserves such appreciation.

That Guild kept us in such touch with the art and literary worlds that no one was surprised to see Marketman Harold Roberts painting a darned good picture or doing a good job of acting in an amateur show at the school or hearing Concrete-man Jack Buchanan sing divinely in a show at the Woman's Club. Our local talent shows were much superior, and a dozen of our residents appeared frequently in plays at the Pasadena Playhouse.

MRS. LAWLESS was so eager to spur Sierra Madre to distinction that when she bought the Wistaria Vine property she spent a lot of money to improve it.

She had a gift for organization and I remember one night when the Woman's Club was jammed with persons eager to improve the city. Mrs. Herbert Hoover, Jr., who then lived on Michilinda, sat across the table from us and tried to enlist me in her effort to have the name of that street changed to Toyon Rd., arguing that it was silly for a California street to bear a name made up of the abbreviations of Michigan, Illinois and Indiana. I heartily agreed with her, and tried to help, but the effort failed.

I liked the name so much, however, that later I succeeded in getting the name of the street on which I

Jackson Report

Growth for a city, industrially and mercantilely, means many things—larger payrolls, better support for churches and schools, improved streets and lighting, continuing increase in cultural attainments.

Sierra Madre is on the march—make no mistake about that. We have a spanking new restaurant which is a credit to the city; the Sierra Engineering Company has nearly completed its addition which will double the personnel and payroll; the new \$120,000 Post Office on S. Baldwin will be dedicated about Nov. 9; the new St. Rita's School Building costing more than \$120,000 is now functioning; \$600,000 is being expended on a five-building apartment setup at N. Mountain Trail and E. Highland; another \$55,000 is represented in the new Bethany Church addition—and already two new mercantile establishments are being opened, one on W. Sierra Madre Blvd., the other in Kersting Square.

A city situated such as Sierra Madre is bound to grow and all the efforts of the "status-quoers" who would have this community remain a nice, nice sylvan bower, cannot deter it from its manifest destiny of progress.

Suitable locations for more stores and improved parking facilities are needed.

Don Jackson's Parking Committee, named by City Council, has completed a report along this line. It would provide for proper locations for more stores and professional establishments.

The SIERRA MADRE NEWS urges that City Council give the Jackson Report every possible consideration. Detailed planning rather than random growth can mean much for a city. The Jackson Report means just that.

Hallowe'en Party Bigger And Noisier

With Hallowe'en just around the corner, the Sierra Madre Recreation Department plans many outstanding activities.

Leading this year's program is the ever-popular Merchant's Window Painting Contest, conducted on Oct. 20 and 21. Director Tom Butch, coordinator of this year's activities, has asked support of many of the city's outstanding groups and organizations. Aiding him in the Window Painting Contest will be Sierra Madre Chamber of Commerce for awards and Youth Coordinating Council in conducting the

contest itself.

The Hallowe'en evening's activities will get under way at 6:30 o'clock on Oct. 31 in Kersting Square where the Sierra Madre Police Department, aided by car clubs Wheel Hawks and Spartans, will organize the children in

5 Car Crash As Auto Runs Wild Near Market

A Cadillac sedan driven by Alex Reid, 75, of 1005 S. First St., Alhambra, went out of control Monday afternoon, crashed through the wooden barrier and sign at the rear of Roberts Market on S. Baldwin, and before it came to a stop inflicted serious damage to four other cars. The Cadillac itself was badly shattered.

Mr. Reid, taken to St. Luke Hospital, was found to have suffered only a severe bump on the head. Damage to the cars will exceed \$2,000.

Almost miraculously Mrs. Ruth L. Smith of 381 Ramona, Sierra Madre, about to enter the Reid car when it began its wild plunge, escaped injury. Mr. Reid had opened the car door to admit Mrs. Smith when suddenly something went amiss with

the mechanism, the sedan crashed over the curb, smashed the fence and sign into smithereens, dashed east across the parking lot, then south and into the cars owned by the following persons:

- 1 — H. C. Snyder of 365 Parkway, Altadena, right front damaged.
- 2 — Bernice Basich of 212 S. Arcadia, rear side damaged.
- 3 — David J. Hutchinson of 3205 E. Colorado, Pasadena, right side damaged.
- 4 — Clair Boggs of 208 Forest, Arcadia, front left side damaged.

Part of the damage occurred on Robert Market property and part on the city-owned parking lot adjoining the front and side of the Reid sedan will have to be completely rebuilt.

Addition Done Nursery School's Ceremony

Dedication of the Marjorie Green Center, a long time dream of the school's first director and of the parents of all of the pre-schoolers who have benefited by the program of the Sierra Madre Community Nursery School since its opening 14 years ago, will take place Saturday afternoon at 2:30 p.m.

The public is invited to the brief ceremony which will be followed by a tour of the school's facilities and refreshments.

Special invitations have been sent to many of the community's citizens, alumni of the Nursery School Association and other friends of the school.

Hartmans Back After Visit East

A visit to Washington D.C., the East and Midwest was the good fortune of Mr. and Mrs. Rudolph (Myrtle) R. Hartman of 460 N. Lima, just returned from a 5½ week motor and airplane trip in those areas. Mr. Hartman is owner and proprietor of the Hartman-Rexall Pharmacy at 29 N. Baldwin.

The tour included stops at St. Paul and Bovey, Minn.; a visit to the old family home at Muskegon, Mich.; a reunion of the Hartman clans at Wordsworth, near Cleveland, O.; a reception at the Rochester, N.Y. plant of Eastman Kodak, and a tour of Niagara Falls.

BACK TO CLEVELAND, the Hartmans then flew to Washington and to New York City, arriving in the Big Town during the New York Yankee - Cincinnati world series games. Stopping at the Taft Hotel where they had reservations, they found New York hotels jammed-packed.

Flying back to Cleveland they reembarked for the West Coast, via motor.

City Hall Clerk Breaks Ankle In Picking Up Paper

Picking up a newspaper in her home at 2418 Tree Lane, Monrovia, on Monday, brought misfortune to Mrs. Beth Thomas, clerk in Sierra Madre City Hall.

Mrs. Thomas broke her ankle in three places and later had to be operated on at Arcadia Methodist Hospital where a pin was used to anchor the injury. She will be away from work for some weeks.

GALA WEEK TO OPEN: PIONEER DAYS, DOLLAR DAYS, C. of C. DINNER

If A Bomb Falls Nearby, Remember This:

THROUGH THE COURTESY of the Sierra Madre Disaster Council, the SIERRA MADRE NEWS will print advices concerning steps which may be taken in case of a nuclear bomb or missile attack in this locality. We suggest that readers cut these out and paste them, as they are printed, in a scrap book for reference in case of emergency.

Care should be taken to dispose of his radioactive body wastes. But that victim could not really harm others in the shelter.

More facts about radiation, to set the record straight. You may eat canned or packaged foods after washing off the container, and even fresh fruits and vegetables, provided you peel them first.

The best first aid for radiation sickness — whose symptoms are nausea, fatigue and fever — is to take hot tea or a solution of baking soda to combat the nausea and aspirin for the fever.

You can recover from a mild case of radiation sickness just as you recover from a cold. It is not contagious.

Tony Returns To C. of C. Helm

Tony's back. That's the good word this week at the Sierra Madre Chamber of Commerce offices, 366 W. Sierra Madre Blvd.

The genial secretary-manager of the C. of C. has been decked with illness the past several weeks.

The right name, of course, is Anthony Cavalli who, on the medic's orders, has been dry-docked for six weeks.

"This resting at home is too much for me," writes Tony, "and I begged my doctor to release me. So here I am again ready to do my part in many of the activities the Chamber of Commerce has planned."

To which we say, "Amen!"

Joe Delgatto, pinch-hitting for Tony, has done a fine job these six weeks. And, lost a bit of weight, to which we also say: "Amen!"

'White Cane Days' Friday, Saturday

Once a year the Sierra Madre Lions Club turns out in force with miniature white canes soliciting help for their Sight Conservation Fund. This year the dates are Friday and Saturday of this week.

It has been a tradition of the club that every child should be given the opportunity to grow up to be a useful and well-adjusted adult, and this is difficult unless every effort is made to preserve and improve the sight of the child. Many times a child's sight is neglected because of financial problems in the family.

Lion Frank B. Barbour who is chairman of the Sight Conservation Committee, tells of a child who was helped by the club a few years ago.

THIS CHILD, only 8 years old, had a severe eye condition. They were crossed so badly that he saw two objects where only one existed. He was unable to walk properly and even had difficulty in eating. The whole world around him was a confused mass of light and color, yet with no distinct image of any particular object.

When the Lions Club representative called on the family the child hid in a closet in order to withdraw from the world which seemed so frightening and

American to the Core . . .

Charles M. Nomura, Here 60 Years, Dies

A man beloved by several generations of Sierra Madreans, Charles M. Nomura, 81, born in Japan, but in his beliefs and his living, American to the core, passed away last Thursday, Oct. 12, in Sierra Madre Hospital after a long illness. A certain significance attended his demise, coming as it did on Columbus Day marking the advent of the New World on history's stage and the subsequent later "discovery" of Japan by Occidentals.

Mr. Nomura, who resided at 164 N. Grove and who in later years was a gardener, was widely known through this area. Coming to America from Hiroshima in 1901 — 60 years ago — Mr. Nomura first settled in Arcadia, later in Sierra Madre, of which he was a resident more than 50 years.

From 1918 to 1922, he operated a grocery store and fruit market on W. Sierra Madre Blvd. next to Sierra Madre Hardware. Disposing of this establishment, Mr. Nomura took his family for a three-month visit to Japan. Before leaving Hiroshima on the return trip to America, he advised his relatives that he would never again return to Japan. He kept this resolve.

When Mr. Nomura first came to this area he worked for the late "Lucky" Baldwin and with his then "Picture Bride" was housed in a little home on the Baldwin estate.

BACK IN this country, he peddled vegetables and then became a gardener. His work in this task made him favorably known through this section of the San Gabriel Valley. During World War II he and his family were sent to a relocation camp in Arizona where they spent almost three years. One son, Shoso, volunteered and became an interpreter stationed in Chicago.

Surviving are his wife, Kofuyu Nomura of Sierra Madre; two sons, Charles Mitsuo and Shoso, each of Pasadena; a daughter, Mrs. Ray H. (Helen) Obagawa of Sierra Madre; a brother, William H. Nomura of Santa Barbara; eight grandchildren.

12 Bands, Floats In October 28 Parade

Sierra Madre on Monday night ushers in the gala week of the year, with the Pioneer Jubilee Days celebration sponsored by the Lions Club Thursday, Friday and Saturday, with the big parade the latter day; the Sierra Madre Chamber of Commerce "This Is Sierra Madre" dinner Monday night, and the Dollar Day bargains offered by Sierra Madre's merchants during the latter part of the week.

With at least 12 bands, including a famed Banjo Band riding in a cable car sent here by Western Airlines, some 14 floats and innumerable horse riding aggregations, the Saturday parade should prove memorable — in fact, one of the biggest and best in Sierra Madre's history.

The Monday night "This Is Sierra Madre" dinner put on by the Chamber of Commerce at the Woman's Clubhouse, 270 W. Sierra Madre Blvd., will open the week with a bang, honoring the famed Sierra Madre Search and Rescue Team with a scroll containing the names of thousands of Sierra Madreans, paying tribute to the postal employees, the new \$120,000 Post Office, soon to be dedicated; the Sierra Engineering new addition which will double its personnel, and the \$50,000 addition to Bethany Church.

Likewise, the Sierra Madre merchants will place upon their counters unprecedented bargains during the week, offering a galaxy of fine goods at spectacular prices.

THE 12 BANDS already sending word they will participate in the Pioneer Days Parade are:

- 1 — Montebello Police Band — 110 members.
- 2 — Mission High School Band from San Gabriel.
- 3 — Black Foresters' Band of 37 members from Duarte.
- 4 — Bossman Accordion Marching Band of 25 members.
- 5 — Huntington Beach High School Band of 110 members.
- 6 — Senorita Drum and Bugle Corp of 50 members.
- 7 — Lakewood Pan American Youth Band, directed by Elden DeLong, formerly with the U.S. Navy and Ringling Circus Bands. This band comprises youngsters 10 to 18 years old, self-sponsored, who buy their own uniforms and has already made 50 appearances this year. It is booked for the Seattle Centennial celebration.

- 8 — Patti Jo Allen Downey Debs of 110 members.
- 9 — New Orleans Marching Jazz Band.
- 10 — Los Angeles Chinese Band of 85 members.
- 11 — Caldeonian Pipers Band.
- 12 — Banjo Band riding in Western Airlines cable car.

THE EQUESTRIAN grand marshal is Lee Harbottle. Scotty Clayton is grand marshal of Division 1; Chief Gray Horse of Division 2; James Nelson of Division 3; and Jeannie Cummiskey, equestrian queen of Division 4.

Sierra Engineering will again have a float as will the Wistaria Flower Shop, Knotts Berry Farm, with Ron Morgan, Lucky Lager and the Forestry Service. There will be innumerable aggregations of Western riders.

The parade starts at 10 a.m. from E. Sierra Madre Blvd. and Mountain Trail, proceeds west on the boulevard to Lima, a distance one-fourth of a mile longer than in other years. The reviewing stand will be at Ripples, N. Hermosa.

THE PROGRAM for Monday's Chamber of Commerce dinner follows:

Call to order, by John H. Curtis, C. of C. president; Pledge of Allegiance to the flag, led by Col. Walter D. Thurbur; invocation by Rev. Clinton W. Swengel, minister, Sierra Madre Methodist Church.

Dinner, served by the Sierra Madre Woman's Club.

Musical entertainment, by Frank Green's Music For Everyone establishment.

Introductions on "This Is Sierra Madre Program."

"Sierra Madre Looks Ahead," by representative of Sierra Madre City Council.

Crew No. 2 Wins Drill

In the third of a series of five competitive drills being held between two crews of the Sierra Madre Volunteer Fire Department, Crew No. 2 was the winner last Friday night during the regular bi-monthly drill. Crew 2 has won two out of three drills thus far.

During the meeting following the drill, Chief Charles E. Brown announced the next regular drill on Oct. 27 will include a talk and demonstration on safety precautions for high and low energized lines and equipment by W. L. Dyer, safety engineer for the Southern

California Edison Co.

Arrangements for the talk are being made by Robert H. Green, branch manager in Sierra Madre for the Edison Company. Also present will be members of the Sierra Madre Police Department and members of the city street crews.

The fellow who has to explain why he didn't make good has a mighty difficult job.

Salad Lunch Book Review Is Featured

Guest of the Indian Summer salad luncheon to be held at Alverno Heights Academy, Sierra Madre, Thursday, Oct. 26, at 12 o'clock noon will enjoy a stimulating book review by

the noted lecturer and humorist, Mrs. Anne Reher. Mrs. Reher has appropriately chosen her subject, "The Best in Books," since the School Library fund will

Mrs. Anne Reher

be the recipient of the afternoon's philanthropy.

Mrs. Reher is noted for her book reviews and humorous examinations of modern customs and manners. She tailors her presentations to her listeners' interest.

On this occasion, as the mother of five children, who still finds time beyond her busy speaking schedule and home duties to play the piano accompaniment for her husband, an accomplished musician, Mrs. Reher should prove an inspiration to equally busy mothers. Certainly they will be entertained as they learn.

Her qualifications further include a B.A. degree from Loretto Heights in Denver and an M.A. in music from Mount St. Mary's College, Brentwood.

FALL LEAVES and blossoms, pumpkins and berries will be used by Mmes. Peter Carberry and George Kohl to transform the Social Hall into part of the outdoor majestic setting of the season visible through the window-walls of the room.

Mrs. Charles J. Miles, general chairman for the occasion is being assisted by Mmes. Harry Anich and Bernard C. Steinbacher, luncheon chairmen; and Mmes. Earl E. Schneider and A. J. Huber, ticket chairmen. All of these ladies are members of the women's activities committee of the Alverno Heights Academy Parents' Association. They will be assisted by the Room Mothers under the chairmanship of Mrs. James Kelly.

Reservations may be made by calling: Mrs. Schneider, Hillcrest 7-1524; Mrs. Huber, SYcamore 8-8434 or Mrs. Miles, Atlantic 7-0335.

Ranch Roundup

By
Joyce Wenger
Sycamore 8-4777

FALL GARDEN PARTY: Gray-green olive trees and a tiered fountain will provide the setting for Shakespeares Club Juniors' fall fashion showing Oct. 24. The Juniors have chosen two lovely homes in which to hold their progressive luncheon. The cocktail hour will take place in the gardens of Mrs. Harry A. Meskell's home at 1360 Michillinda, Arcadia. It will be followed by a short trip to Chapman Woods and the home of Mrs. Nathan Daugherty's parents at 676 Vallombrosa Dr., where a buffet luncheon will be served around the pool.

Original fashions from "Casual of California" will be modeled by Mmes. John M. Clark, Nathan Daugherty, Gary T. Garner, Glen Hickman Jr., Richard Spanjian, William C. Thornton Jr. and Miss Henrietta Hermann.

Junior models include Misses Vicki Foes, daughter of Mrs. Henry Foes; Debbie Gilmore, daughter of Mrs. George Gilmore, and Jean Humphrey, daughter of Mrs. F. S. Humphrey. Mrs. Gilmore, luncheon chairman, will be assisted by Mmes. William F. Allen, Nathan Daugherty and Robert F. Hayes.

SPEAKING OF SHAKE-SPEARE JUNIORS — They really put on a wingding Wild West benefit party last Saturday night! The Ranch was well represented in the clever costume department. Spotted the Old Timer (Chuck Coates) snapping pictures of Annie Oakley (wife Betty in fringed burlap she whipped up herself), bar maids Virginia Palmer and Jane Hurter and their "bartender husbands," Jane, by the way, silvered her lovely brown hair and looked stunning in a short black number and blue plumed hat.

Sue Merriman looked the part of the typical hard pan of the Old West, with up-draped skirt, black lace stockings and glitter slippers. Bar maid Joan Stroppe looked particularly fetching in a short pink sat-in with black net bustle.

Betty and Curtis Wyatt wore modern-day twin Western outfits; Betty and Peter Tilton deserved a prize for their authentic Indian costumes.

We lost a little moola to cowgirl Mary Easterling at the dime pitch booth. Husband Ted missed the fun; he's in New York for Catalina fashions. Must report it was a panic when Fritz Carmen lost his handlebar mustache while dancing with beautiful Gina Allen, who looked divine in an elegant low-cut gold satin gown and shocking pink plume in her hair.

BUZ AND ELAINE DEWEES have been entertaining their former classmate from Drexel Tech., Dottie Meehan of Philadelphia. While sightseeing everything from Romanoff's to Laguna Beach, Dottie remained especially impressed by Pasadena restaurants. She remarked somewhat in awe, that "Californians do everything in a big way." Whereupon, 7-year-old Scott Dewees retorted, "We think big, too."

STELLA AND SAM RUDNICK have an actor in the

family, and there's an Oscar-like trophy to prove it. They're justly proud of son Joel who competed in the Foothill League Drama Festival at Burbank High School last week. Joel won first place as the best male actor in a solo scene, for his portrayal of Sakini from "Tea House of the August Moon."

Pasadena drama coaches must think highly of Joel, too, since he was the only winner from Pasadena schools. A 10th grade student at PHS, Joel really has the acting bug, his mother says—and I'll add, apparently, the talent, too. Congratulations, Joel!

FOUR NEW MEMBERS will be welcomed by Las Jardineras Home and Garden Club next Tuesday at the home of Mrs. Charles Coates, 3645 Hampton Rd. They are Mmes. Charles Koch, C. R. Miller, Lawrence Ryan and George Starrett. Guest speaker, Virgil White, will describe "A Trip Through New England and Europe With an Antique Dealer," Mrs. Charles Hurter and Mrs. Barbara Steed will assist Mrs. Coates.

CONVERSATION at last Saturday's "Roaring Twenties" party was centered on not only the fun costumes, but WHO has the recipe for the delicious casserole members of the Hastings Ranch Dance Club were enjoying. Keeping mum were party committee members Jane and Bud Howell, Emily and Bob Bridges, Rosaline and Al Rabin, Lorraine and Everett Hanson.

Must mention costumes worn by Jane Howell (black fringe and ostrich headpiece); Penny Wills in her mother's black chiffon with crystal beading, and husband Jack in "plus fours," otherwise known as knickers, meaning covered knee, plus four inches! Wow happy to say it was before my time, and had to have it explained to me!

PAUL AND LAURA ROBERTSON, chairmen of Field's Halloween Carnival coming up Saturday, Oct. 28, are really busy preparing for the big day. The prizes they (along with Sue Cummins) recently selected will make more than the jack-o-lanterns' eyes light up.

All children from the area are invited to try their skill and eat their fill at any of the 23 booths that Bob Talmo and his strongmen crew will be erecting.

Mothers as well as daughters will be delighted to hear that Mrs. Bertha Devonshire and her talented nimbler-than-a-cat committee have been making Barbie doll clothes: kimono, play suits, sun and fancy dresses. All reasonably priced and available at their carnival booth.

There will be a meeting Monday, 7:30 p.m., Field Cafeteria, to make final Carnival preparations. Meanwhile, watch for Bar-

FIELD STUDENTS industriously polished their bikes last weekend. Local stores report a run on bike equipment and dads were kept busy checking bikes and attaching new gear. Moms helped by drilling the youngsters on hand signals. Then on Monday bike riders descended en masse upon the Field School grounds.

I have it from an unreliable source that one was even sneaked on (a practically empty) school bus.

The bicycle testing program, being held at six elementary schools, was a big success at Field. Betty Coates, safety chairman, is happy to return to the peace and quiet of her home—and 21-months-old twins!

TOM HATTEN SHOW and hot dog luncheon at Don Benito last Saturday provided the perfect entertainment for Carolyn Sarley's seventh birthday anniversary party. Mrs. Sarley was grateful for the assistance of three mothers and a dad, who helped her continue the party at Hamilton Park.

They were Mmes. Bessie Melly, Dorothy Dunn, Celia Coplan and Mr. Arthur Meyers.

Carolyn's invited guests were Debbie and Delta Melly, Nina Augustziny, Debbie Cohen, Pearl and Jill Coplan, Gretchen Beilstein, Toni Dennis, Carol Lisa Freinkel, Mary Lou Lalor, Stacy Knight, Tricia Meyers,

WHEN 150 WOMEN attend a coffee, that's NEWS! And indeed it was big news in the making for the women who squeezed into every nook and corner of pretty and gracious Mrs. Helen Tumilty's spacious home on Sierra Madre Villa last Wednesday.

The event was a Charter Coffee, first meeting of the new East Pasadena-Sierra Madre Federated Republican Women's Club. If you're interested in this new organization, but missed attending last week, watch this column for announcement of the November meeting.

Angela Lombardi, immediate past president of the Los Angeles Federated Republican Women, personally challenged her audience to "Come to the party; study the issues, and use those bits and pieces of time to actively work for good government. Women have a native intuition and a particular talent for bringing high moral standards to politics."

Commenting on the number of Republican gubernatorial candidates, Mrs. Lombardi said, "Republicans should be pleased that we have so many well qualified men in our party; a wide open primary is a healthy situation."

Hats off to newly nationalized citizen, Norena Fahey, of Coronet Ave. Faith Vogel, temporary president, introduced Norena who had dashed down to register as

a Republican a few days before, so that she might attend the Charter Coffee as a full fledged Republican.

"WORLD'S LARGEST Rummage Sale" will keep many of our Ranch's young matrons busy next week, plus a goodly number of local customers who pride themselves on never missing this unusual event. Mrs. Morris F. Sheldon, president of the Pasadena Auxiliary of Boys Republic, announces the 93rd semi-annual sale of "next to new" bargains will be held in the Pasadena Civic Auditorium Thursday, Oct. 26. And take it from one who knows — best there when the doors open at 9 a.m., minus the preschooler, prepared for hectic jostling and showing — and you may well find some bargain priced treasures!

Boys Republic, a non-profit, non-sectarian farm school for broken home boys, has served California youth since 1907 and more than 5,200 youngsters have been given another chance owing to the work of civic and social minded women who formed the auxiliary 50 years ago.

Currently dedicated to the work of Boys Republic from our own area are Mmes. J. Armstrong, Robert Burke, William H. Cock, Vern Harding, Roger J. Kelley, William R. Kelley, William H. Morse, R. O. There were several things that happened to us as Americans last week that give me hope that the country is not asleep to the dangers without and within.

Firstly and most importantly, the American Heritage program established by the Pasadena Public School System.

Not only will they teach our children of their early background and history but more important they will learn from the primary grades, the stark differences between the freedom path and Communism!

This is the type of propaganda that will infect the state and the country if given a chance.

Secondly, the decision handed down by our highest tribunal that the Communists must register as such or be prosecuted. It is true they probably won't register, but at last we as a country have a weapon to act with.

LASTLY, to go by a neighbor's home, Joe Phelps, by name, and see an American flag flying with colors blazing on a high flag pole every day of the week.

This is our America, full of ideals and idealism. It's our country and a country worth doing something about. With just such tools as we were given this past week, we can save our country from a corruption that knows no mercy.

Today I have hope!

I'VE BEEN a little remiss on reporting on the former McComas girls, so I called their mother, Mrs. W. F. McComas of Sierra Madre Villa, to get the scoop. Their daughter, Carols, and her husband, Cornell Taylor, became parents of a little girl on July 11. They have named her Lynne Dee. The Taylors are now stationed at Indianapolis.

SALLIE and her husband, Lt. Paul Ekel, are parents as of July 28 of a little girl called Lesli Ann. The Eckels are presently stationed in Las Vegas.

Lt. Eckel just finished as top man in the P-100 Pilot Training School and is receiving final instructions before transferring to an overseas post.

Finally, their son, Biff, is on a mission for the Church of the Latter Day Saints in Edinburgh, Scotland.

PASADENA ALUMNAE of the Delta Gammars met for a dessert meeting last week at the home of Mrs. Edwin Fyle. Urogrum featured Charles of Huntington Dr., who spoke on hair styling. He brought models with him, whose hair he had previously styled and set, to comb out before the group.

He also chose several ladies from the audience and restyled their hair at the meeting. They finished off with a financial report of their last benefit.

IT'S FUNNY, you may go for days and not see your neighbors, but let one go away without notice and the gap is deeply felt. All this leads up to the fact that the Sam Matloffs are back in their Old House Rd. home

Explorers Club In Explorado Test

Recently members of the Explorers Club, Post 376, Boy Scouts of America, participated in the Explorado held at the San Pedro Naval Station. An Explorado is where posts and ships of different Scout Councils meet to compete in various events to test their skill and knowledge.

Communist Satanic Plot Is Discussed

Eighty-five women attending the Trinity Guild luncheon meeting last Tuesday heard Comdr. Dayton A. Seiler, U.S.N. (Ret.), give a powerful address titled "Collectivism, A Satanic Conspiracy."

"The collectivists are members of a conspiracy that is not new—it reaches back many years," he said. "In fact, it can be traced at least 2,000 years and more. Its roots in antiquity rest in the fetid soil of greed, envy, hatred, and the lust by men for power over their fellows."

"Its prime target has been for many years the destruction of Christianity and the American freedoms under God based upon Christ as the Messiah and the Son of God, the Saviour of the world."

"Specifically, it is the movement of Anti-Christ as prophesied in the Scriptures of the Revelation of St. John the Divine."

WOULD IT SURPRISE you to know that for the 1917 Revolution in Russia that many of its leaders were not Russian citizens? Where did they come from? It may be of some interest to note that they were recruited and trained by Trotsky not in Russia, nor in Germany, but in America; in New York City, for nearly four years preceding 1917.

"Some 250 of these people were placed on the Continent of Europe in sealed boxcars to be transported through the fighting lines into Russia. Lenin, who had been in exile in Switzerland, joined the sealed train in Germany to go into Petrograd."

WHAT CAN we as American citizens do to hold on to our freedom? There are three points to be observed:

1. **EDUCATION**—We cannot be effective unless we understand the enemy—there is no substitute for reading good books to study on this specific subject.

2. **DEDICATION**—To a higher principle than self: A complete dedication to God through Christ His Son.

3. **MOTIVATION TO ACTION**—Tell others, have them read and study; work for good government; support a strong policy of government based on the American System, not on an alien atheistic philosophy. Work unceasingly, this is our greatest challenge."

Commander Seiler operated the Minuteman Book Store at 907 East California, and resides with his wife Dorothy and seven children in Hastings Ranch.

Two Types Of Shelters Considered

The Civil Defense and Disaster Council, at its weekly meeting Monday night in Council Chambers, decided to canvass possibilities of two types of family or community shelters.

One is the large-sized of which five or six would be necessary to care for Sierra Madre's 10,000 inhabitants, and the other a smaller one, each capable of housing around 100 persons in case of nuclear bomb or missile attack.

A committee comprising John A. Dewar, Army engineer; Jack M. Pratt, structural engineer employed by the City of Los Angeles and specializing in fallout shelters, and City Administrator Lawrence C. Bevington, was named by Disaster Council Chairman Roscoe Morgan to canvass the advantages and disadvantages of the two types and to report at next week's meeting.

WITH ADMINISTRATOR Bevington using a blackboard the merits of the two types were chalked up and then discussed. Shelters for school children entered into the discussion as they would have to be adequately sized.

Need for haste in reaching a sensible decision and carrying it to the people for their approval or disapproval was seen in Administrator Bevington's statement that it would be five or six months before a contractor could get on the job (after all preliminaries could be cared for).

Jack Pratt told of a corrugated iron shelter which will house 75 persons and which is pronounced effective in warding off fallout. This has the advantage of flexibility. At the same time it has the disadvantage of lack of room for medical and food supplies, lighting and sanitary equipment.

Dewar contends shelters, to be effective, have to be sizeable.

Korean War Book To Be Reviewed By Study Group

MRS. MELVIN V. (ESTHER) DOOLY of 243 E. Montecito was honored at a farewell party given at the home of Mrs. Orville (Dorothy) Plumlee, at 224 Santa Anita Court, Thursday evening, Oct. 12. Esther, who has been one of the most popular staff members at Arnold's for several years, was gifted with a handsome set of Arzberg bowls from the entire staff.

Guests who enjoyed a delicious barbecued steak dinner, including a beautiful cake in the art form of a friendship cake, were Mrs. Margaretta MacAulay, Mrs. John (Gertrude) Simson, Mrs. W. A. (Mary) Angel, Mrs. Rudolph (Gertrude) Behrens, Mrs. Elizabeth Podliska and Mrs. Rhoades (Shirley) Douglas.

Mel, who had been with the Sierra Madre News for many years, and Esther will be moving to Pacific Beach within several weeks. Pacific Beach is down the coast near San Diego, so won't it be fine that we will be able to see them once in a while.

OUR BEST WISHES to a charming young lady, Miss Nadine Noble, who will celebrate her birthday anniversary Monday, Oct. 23. Nadine is the daughter of Mrs. Hilda Gray, granddaughter of Mrs. Mary D. Caley, who recently celebrated her 100th birthday anniversary, niece of Mrs. Maybelle Caley Barker and granddaughter of the late William P. Caley.

Nadine's grandfather was Sierra Madre's first city marshal, first street superintendent and first tax collector. These fine ladies live at 233 Ramona Ave.

The Caley home is abundant with historical documents and information of early Sierra Madre—it is also abundant with friendliness, real hospitality and on your departure you will leave with this invitation—it has been a pleasure to see you and hope you'll be back soon.

PETER STINE, A.M.C. 2nd class, son of Mr. and Mrs. Melburn S. Stine of 375 E. Grand View, who has been stationed at Barbours Point Naval Air Station in the Hawaiian Islands for nearly two years, will be coming home soon. Pete, after a two-week's leave, will transfer to Moffett Field, Sunnyvale, Calif.

Mrs. Stine's mother, Mrs. Charles T. Andrews, is on her second trip in three years visiting friends in Hartford, Conn. Later, Mrs. Andrews will visit another daughter (Billie's twin sister), Mrs. Alexander T. McBride, in North Palm Beach, Fla. Mrs. Andrews expects to return here for Thanksgiving and Christmas holidays.

THE MANLY ART OF
LOOKING SHARP

"**B**OW your head to this HAT, symbol of royal authority," the herald snarled at William Tell. "Bow, or pay the price, you Swiss Dog!"

OLD Willie came close to paying the price, but his crossbow saved the day — and his son, to boot. Tell wasn't the first to find a piece of CLOTHING used as a symbol of authority. Sometimes it was hard to tell which was more important — the CLOTHES or the man! Nowadays, people are evaluating YOU every day in the QUALITY of your CLOTHES, your taste in COLORS, your attitudes about STYLE.

WE AT DON JACKSONS can't pick your TIE or select the right COLOR SHIRT, but one thing is sure. If it's a DON JACKSON FABRIC in the suit you're wearing, it will be styled with restraint and GOOD TASTE. You'll find DON JACKSON FABRICS in every price range, too. So whatever your tax bracket, look to DON JACKSON to give you real VALUE in QUALITY — and help you look the way you SHOULD look.

instant interest

Convincing people to let their money work for them is a little like pulling teeth. That is, until they stop to think how fast their money can grow. At Monrovia Mutual your money starts growing immediately. We call it instant interest.

Instant interest means your money starts growing at the high rate of 4½% annually (compounded quarterly), the very day you open your account (with interest paid at the end of each quarter). As extra incentive, open it before the tenth, and interest begins from

the first of that month. What's more, your money is always available, when you need it. And your money is completely safe. Insured by the Federal Savings & Loan Insurance Corporation, a permanent agency of the United States Government.

Good reasons to let your money work profitably for you? Here's another: You'll find much more than mathematical interest at Monrovia Mutual. You'll find personal interest. Instantly.

'Sunday With Schweitzer,' With Lee Ellerbrock, Is Program of Coord Council

A special program entitled "Sunday with Schweitzer" and open to the community, will be presented by the Sierra Madre Coordinating Council on Sunday evening, Nov. 5, from 7:30 to 9 o'clock at the Sierra Madre School Auditorium.

Lee Ellerbrock, Sierra Madre resident, is founder and president of an organization known as "Fellows For Schweitzer." He will speak of his visit to Dr. Albert Schweitzer in Lambarene, Africa, of the great doctor's life and thoughts and will show excerpts from the Oscar award winning film, "Albert Schweitzer." Dr. Schweitzer's favorite organ music will be played during the program.

MR. ELLERBROCK, an accountant by profession, became interested in Albert Schweitzer a number of years ago and this respect and love grew to be much more than a mere avocation. He is now a recognized authority on this great humanitarian, is a counselor for the Albert Schweitzer Education Foundation in Chicago and a member of the First International Schweitzer Scholar Congress which met in May, 1960, and has carried on a monthly correspondence with Dr. Schweitzer for eight years.

The purpose of the "Fellows" is to keep alive and further the work and ideals of Schweitzer even when he passes on.

COORDINATING COUNCIL is presenting this program in lieu of its regular monthly meeting for November. It is the aim of the Council this year to bring the community closer together and counteract in some small way the negativism in the world today.

The Council is looking forward to family attendance that evening and feels such a program would be enjoyable as well as educational and inspirational to all.

Mrs. Edward N. Chapman, first vice president and Council program chairman, is in charge of arrangements for the evening.

Working with her are Mrs. Loran Smith, Mr. and Mrs. Clark Schaefer, Mrs. Orville Cline, Mrs. Gretchen Newberry of the Garden Club, and Larry Morse and James Gruber of the Youth Coordinating Council.

Admission is free and everyone is welcome.

 chairman of the dedication as well as master of ceremonies. He announces that the program will include burying the capsule of historical documents, including blueprints of the building designed by Harlan Pedersen, architect and a nursery school father, and of the bricks which will be a symbol of each financial contribution.

The program will include the naming of the Marjorie Green Center, with recognition of Mrs. Marjorie Green's contribution to nursery school education in general and to Sierra Madre in particular.

The Center and its facilities will then be dedicated by Mrs. D. N. McAdam, president of the Nursery School Association, to the City of Sierra Madre, with acceptance by Mayor W. Webster Vannier. The Sierra Madre Parks and Recreation program will also be recognized.

THE 20-MINUTE PROGRAM will be followed by the open house of the school's facilities. The school is located at 701 E. Sierra Madre Blvd.

The Nursery School Association is again offering to its friends the opportunity of doubling their pleasure in sending Christmas greetings to their friends by providing them with a beautifully designed, dignified card for which they may make a contribution to the nursery school in the amount normally spent on their Christmas greetings. Contribution is income tax deductible.

The Christmas cards will be delivered to those placing their order with the Nursery School and may be personalized if wished. If the cards are to be personalized, orders should be placed by Oct. 25 for delivery by Dec. 1.

THE CARDS WHICH are designed by Mrs. Diane Vessey, may be seen at the Nursery School, 701 E. Sierra Madre Blvd.

Mrs. V. G. Mikity, chairman of the Christmas card sale, advises that letters to all business houses offering them this opportunity were mailed in mid-summer.

The cards may be ordered through the Nursery School, EL 5-1655.

 a parade.
 Just prior to the parade the costumed children will be judged for outstanding costumes in their respective age groups. Judging and awards will be provided by the Kiwanis Club.

LEADING THE PARADE at approximately 7 p.m., the Sierra Madre Fire Department will head for the Sierra Madre Elementary School Auditorium where the children will parade across the stage and those winning in their classes will be presented awards. Members of the Woman's Club will present treats for the children made available by the V.F.W. and Lions Club.

Movies also will be shown to the children during the evening's activities. The films will be provided by the Bethany Church. At the conclusion of the movie, the children will be led through the specially prepared cafeteria to represent a spookhouse, accomplished by another group of Senior Mariners.

For the teenagers, the Sierra Madre Civic Club will cooperate with the Sierra Madre Teenage Coordinating Council in staging a dance at Pritchard Hall, donated by the Congregational Church.

Scores of children and adults participated in last year's Hallowe'en activities and it is hoped that as many or more will come out and enjoy themselves this Hallowe'en.

 hostile to him. The family finances were not sufficient to pay for any help for this child.

With the help of the Lions Club arrangements were made for a series of operations which restored the child to a normal, healthy vision and life.

IN MANY CASES it is only necessary to provide eye examinations and glasses to bring a child back to his normal activities, and the Lions Club has never refused help where the cost of glasses would impose a financial burden on a family. Not much publicity is given to the work by this organization as the names of those who are helped are always kept confidential.

So, when you see the Lions Club members on Sierra Madre streets this weekend give any change that you can spare and be proud that your contribution may help conserve or restore the sight of some one less fortunate than yourself.

Boy Badly Hurt As Bike Crashes Into Charlton Wall

Hurling along on his bicycle, with three companions, shortly after noon Sunday, Paul Hubert Bickenbach, 13, of 1068 S. 10th Street, Arcadia, lost control and crashed headon into a wall a seventh of a mile north of Santa Anita Ranger Station (Charlton Flats Rd.), with disastrous results. Young Bickenbach was taken to Arcadia Methodist Hospital with a cerebral hemorrhage, severe head injuries and concussion. Hospital authorities report his condition remains serious. The boys were enjoying a Sunday ride, and near the

Sierra Madre Forestry Ranger Station, Paul, despite warnings from his companions, speeded up. Shortly thereafter, the authorities report, he lost control of his bicycle, failed to make the curve and smashed into the wall.
 Forestry Officers David Faust and Gabriel Duran summoned Sierra Madre Police Officers David G. Benscoter and Al Lindekins who had the injured boy taken by ambulance to the Methodist Hospital.

The Sierra Madre News joins with the merchants on this page in extending its greetings to the new Headliner Coffee Shop which opened last week on W. Sierra Madre Blvd., in its own property adjoining the First Western Bank. The crowds attending the first few days of the restaurant's operation attest to the fact that Sierra Madreans and persons from the adjoining communities in this area, will patronize a first-class restaurant and coffee shop. The restaurant is one of the Headliner Coffee Shops operated in this area by Tom H. Williams and Fred L. Tempes, and specializing in properly prepared and excellently serviced foods.

Foothill Jewish Center Will Observe B'nai B'rith Night On This Friday

This Friday night will be B'nai B'rith night at the Foothill Jewish Community Center Temple, 212 Lima Ave., Sierra Madre. Services will start at 8:30 p.m. and will be conducted by Rabbi Charles Steckel.

B'nai B'rith Founders day commemorates the birth of the B'nai B'rith, America's oldest and largest Jewish service organization which was founded Oct. 13, 1843.

B'nai B'rith is the Jewish Community in action, advancing Americanism and Canadian citizenship programs, providing integrated Jewish life on college campuses, supporting Israel and working with United Nations, serving GIs and disabled veterans, helping young persons make wise career decisions, participating in community projects, supporting hospitals and other philanthropies.

The public is invited.

Bethany Notes

After three weeks of competition with Mission Covenant Church of Pasadena, Bethany Church of Sierra Madre leads in the Sunday School contest, 3,526 to 3,374. The contest has two more Sundays to run.

Next Sunday at Bethany is "Kinkfolk Sunday." Every family that has at least ten relatives present for Sunday School will have their picture taken by a professional photographer and will receive a free print.

On Oct. 29, a rally day will take place at Bethany. The adults will meet at 9:30 a.m. in the church sanctuary for their Sunday School time and will hear Steve Salisian, former chairman of the Pasadena School Board, and still a member of the board, as a special speaker.

This is "Prove Your Love Day," the theme which has been predominant during October and during this day much emphasis will be placed on the new Christian Education Building and its completion. The entire Primary and Junior Department of the Sunday School, numbering more than 200, will have a part in these activities.

THE VOYAGERS SUNDAY SCHOOL class will enjoy a "progressive dinner" on Friday. This class, made up of 30- to 40-year-old people is one of the outstanding classes at Bethany.

They consistently have around 50 in their Sunday School class with many others of their members in the actual teaching staff in Bethany Sunday School.

The party this Friday is centered around the theme of a trip around the world, with each course of the dinner being served in a different country and in a different home.

The committee comprises Mr. and Mrs. Brice Carlson, Mr. and Mrs. Archie Cress and Mr. and Mrs. Harold Ankeny. The former World Vision Quartet will provide entertainment and the devotional thought at the last home the group will visit for the evening.

SEVEN YOUNG PEOPLE from Bethany are being sent to the Forest Home "Prestige Conference" this weekend as guests of the church. They include: Stephanie Guyer of Pasadena, Randy Young of Altadena, Dave Childers and Rosalie Nelson of Sierra Madre, Craig Maxwell and Carolyn Burwell of Arcadia and Chuck Heath of Duarte.

This is a leadership conference for high school young people. The speakers for the conference include: Hap Brahms, pastor of First Presbyterian Church in Monrovia. The young people leave at 6 p.m. on Friday and return on Sunday afternoon.

'Miracle Of Faith' Topic For Hansen

"The Miracle of Faith" will be sermon topic of the Rev. Ray E. Hansen, pastor of Shepherd of the Hills Lutheran Church, 33 E. Sierra Madre Blvd., Sierra Madre, at 10:10 a.m. Sunday.

Basing his remarks on John 4:46-53, where Jesus heals the centurion's son, Pastor Hansen will point out it is difficult to believe that the whole world is in God's hands, for there seems to be so many things that contradict this truth.

"JUST BECAUSE God does not exercise His power as we think He ought does not mean He does not wield it," the pastor will say. "It takes faith to recognize that He does."

Today it must be recognized that this is still God's world, and that only He can be trusted all the way, the pastor will assert.

Latest Lutheran Picture, 'Question 7' To Be Shown During Weeks of Oct. 18-31

Last Sunday members of Faith Lutheran Church, 835 Hastings Ranch Drive, were informed "Question 7," a film recently produced by Lutheran Productions, is having its premiere showing at the Fox Wilshire Theater, 8440 Wilshire Blvd., Oct. 18-31. Matinees are also held daily. Next Sunday, Oct. 22, has been designated "The Lutheran Church — Missouri Synod Day."

This drama is an authentic and true story from behind the Brandenburg Gate. Produced by Louis de Rochemont Associates under joint-direction of the Lutheran churches, the production depicts the massive and subtle persecution of Christians under Communism.

It shows the Christian conscience under severe test in East Berlin and East Germany. Its object is to awaken Christians to the spiritual intentions of the international threat, according to Rev. Armin Hesse, pastor of Faith Lutheran Church.

Paul Gray, Evangelist, At Nazarene

With Dr. Paul Gray, noted speaker occupying the pulpit, a series of revival services starting Sunday night at 7:30 o'clock in the Church of the Nazarene at 191 W. Sierra Madre Blvd., will continue through Oct. 29. Sunday services will be at 11 a.m. and 7 p.m.

Rev. J. P. Stockett, the church pastor, says that Dr. Gray, an elder in the Church of the Nazarene, has traveled from the Atlantic to the Pacific and back again several times in his preaching. He also made an evangelistic tour of the British Isles in 1948.

IN ADDITION to his work of evangelism, Rev. Gray has held pastorates in Kentucky, California and Tennessee. At the present time he is a professor in Pasadena College.

Rev. Gray received his educational training in Bethany-Peniel College, in Pasadena College, and in Vanderbilt University.

The pastor and the church are pleased to extend this hearty welcome to you and your friends to meet with us in these special meetings. Be with us in the opening service.

'Discovering Self' Topic Of Dr. Barnhart

"Discovering Yourself" is the sermon-topic at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, at the 11 a.m. worship service Sunday morning.

Dr. Ethel Barnhart, minister, will base her lesson-sermon on Ephesians 5:14, "Awake thou that sleepest and arise from the dead, and Christ shall give thee light."

Victorious living in today's world requires man to awake from his spiritual sleep and rediscover his relationship to God.

The Tower Choir, directed by Mrs. Marjane Estey, will sing "For All The Saints," by Vaughn Williams-Morgan. Child care will be provided during this service.

SUNDAY SERVICES include a Junior Church at 11 a.m. for children from pre-school through the 8th grade and meetings for high

broadcasting experience with Radio Station KPGB and has served as MC for the PCC Highlighters main stage programs.

He leaves PCC at the end of the semester for a trip around the world, and will enter San Diego State in September 1962. Dane also is employed by the Forest Service.

Can Afford To Go Slow

The City of Sierra Madre is solvent, amply so. But like any other going municipality, or for that matter, any corporation or individual, it is best to proceed slowly — and surely — in making capital improvements. In effect, Councilman James F. Abernethy raised this pertinent question at Council's last meeting when proposals were made for purchasing more land for the Public Library and also the Bailey Canyon tract for park purposes. The first would cost only \$12,000 and the latter \$25,400. Relatively small sums, these, and each project is worthwhile. But small sums, if there are enough of them, have a habit of mounting in the aggregate and the first thing you know the point is reached where a city can be financially embarrassed and a tax boost is necessary.

COUNCILMAN ABERNETHY wisely brought into focus this possibility of a tax increase next year unless a tight rein is kept on the municipal pocketbook. Another method of meeting city expenditures is bonded indebtedness of which this city, fortunately, is relatively free. Passing the city's financial burdens on to future generations is not good policy. Sierra Madre has had excellent government fiscally. Let's keep it that way even though we may have to wait somewhat longer for things we want and need.

God's Own Pictures

Sometimes it is good to get away from hot and cold wars and rumors of wars, nuclear explosions, Berlin, Laos, Africa, labor unions, the plight and perplexities of ours and other nations, the materialisms — and the lack of spirituality in today's topsyturvy world. It would be well for us to seek the solace, and peace and quietude of the great outdoors, perhaps to stretch ourselves on a bed of pine needles, with the yonder blue sky for a canopy, and to realize the wideness, the depth and the love of God. Soul's surcease this can be, an awe-some penance of beauty for us, and it would be good for the world, especially our leaders, to realize it — and to learn.

In our own Western land fronting so near the Pacific and with our towering Sierra for a backdrop, autumn comes and our north slopes and canyons of the Angeles National Forest are garbed in fall colors of yellows, rusts and reds of the California black oaks, sycamores, maples, cottonwoods and poplars — even poison oak is turning its bright red, however, to be seen and photographed, but not touched.

ONE ROUTE to follow to view and photograph these fall colors is to take Angeles Crest Highway (State Route 2) north from La Canada on through to the Big Pines recreation area in the forest. Sightseers can return via Val-yermo and Palmdale and Angeles Forest Highway, or east through the mountain community of Wrightwood and then to San Bernardino.

Small picnic areas along this route with such picturesque names as "Vista", "Pine Hollow", "Lodgepole", and "Ridge Crest", afford the forest visitor a spot to stop for lunch. If necessary, you can contact the U.S. Ranger Stations in the territory for maps and directions.

WITH THE RECENT first snowfall of the season in Angeles Forest, it is suggested that those planning a trip to view the fall colors make it soon, for the colors will not last long. Also wear warm clothing for the days are cool in our forest back country.

Seeing God's own pictures now and then will repair, remedy and reinvigorate our sometimes sodden souls.

Our Innocent Pat Brown

In writing about the Knight-Nixon squabble as to who promised which, Morris Ryskind, columnist, indicates that "the fellow who suffers the great psychic shock because of the Republican imbroglio is curiously enough, the man both Nixon and Knight hope to unseat, Governor Pat Brown."

"The realization that such goings-on can occur in his beloved state has thrown our saintly one into such mental turmoil that, while he has not been rendered exactly speechless, he is seriously threatened with a permanent neurosis, and some go so far as to suggest possible traumatic progression."

"I am not certain what any of these terms means, but I know enough to be worried when the head-shrinkers begin to warm up a couch. And, regardless of party, if you have even a spark of human decency, there is something pitiful in watching a grown man clasping his head in his hands and crying mournfully into his private portable walling wall, 'How can such thing be?'"

"I'VE SEEN youngsters of 7 and 8 behave similarly when they first learned the truth about Santa Claus, and I am unnerved even though I realize it is better for them to become aware early rather than late in life. And, by the same token, I could wish Pat's folks had told him about the political birds and bees before this, sparing him only delayed and double the eventual agony."

"In his blissful ignorance, Pat hadn't even picked up the knowledge from the other kids on the block. This is all the more strange when you realize that one of his top administrators had recently resigned in a fury, claiming Pat had promised to make him attorney general by shifting the incumbent to the State Supreme Court."

"But the Democratic chieftains — only Republicans have bosses — had put thumbs down because they wanted to run the same winning slate of '58 in '62."

"AND PAT'S NEW SPEAKER, Jesse Unruh, is said to have promised that Republicans who agreed to support him for that post would not suffer as much from the gerry-

Adventures of a 'Broke' Citizen

(EDITOR'S NOTE—A broken legged Sierra Madre concludes his observations on life in Los Angeles County General Hospital.

VI
By Don Murray

I've told you: if you suddenly need hospitalization and can't afford private hospital rates, inform police, sheriff, or your own Sierra Madre Community Hospital. You'll be cared for at the latter or rushed to Los Angeles General.

You won't be pampered, coddled, given the instant attention you get in private hospitals. They're over-loaded and understaffed.

Your visitors will have to observe the adequate but strict visiting hours.

You'll be bedded in rooms containing a number of fellow patients of which one or more will be in audible pain.

PRIVACY is almost nil. It's like "Red" Downey of Long Beach said wistfully, "Our geniuses have conquered outer space, but when are then gonna get around to the bedpan problem?"

And the food—Well, I'll say: there's too much of it!—if you're used to fine cooking at home. But it undoubtedly contains the essential food values.

I sort of figure that the chef, see—well, he's cooking

three meals a day for about 5,000 persons. Now, put yourself in his spot.

Are you going to cook so good that your guests will decide they've landed in a spa and hence refuse to get well and go home? Or may-be the guy is secretly a big taxpayer and simply can't stand the sight of all this freeloading. In any event, you won't be malingering on at Los Angeles General for the meals.

AND THE RATES you pay? Let me give you an eloquent sample. You probably know that a pint of blood in a private hospital costs \$30. In Los Angeles General it is \$7.50. I have before me as I peek a bill for \$1,325.34. It covers 37 days of orthopedic care and hospitalization that I discovered would have cost me more than twice as much in any private hospital intending to remain in business.

The reasons for this are too many to list. Lump them thusly: you taxpayers have erected, are maintaining and expanding a huge Good Samaritan that refuses to one in need.

True, it assesses charges for its beneficence. But if investigation reveals that

the patient can't pay—he is not hounded or sued. He can preserve his pride and dignity by paying as little as \$5 a month on the largest of bills.

YOU ASK ME: isn't it true, for the most part, that it's the riff raff of the city and county who show up at Los Angeles General?

Well, let's call 'em "im-provident people."

And if you wish to know more about them and the great hospital that offers them haven, I refer you to Emily Berke. She is the highly competent, personable public relations representative. She'll proudly throw open her files for you, or steer you to the proper department.

If, like myself, you become profuse in your thanks for the care you've had down there, Emily Berke is likely to tell you:

"The excellence of ward 4000 is not exceptional in Los Angeles General. We have other dedicated personnel like your 'Doctor Jim' Pipers. Other highly efficient, personally attractive R.N.s like McGee and Daniels. Other attendants like Mrs. Barker and custodians like Wilfred 'Little' Brown."

"You're just prejudiced, Mr. Murray."

And so I am.

News From Sacramento

Some Signs of Sanity at Sacramento

By Henry C. MacArthur
(Special From Capitol News Service to Sierra Madre News)

SACRAMENTO — A trend toward utilization of private enterprise instead of state bureaucracy is seen in an announcement of the Board of Trustees of the California State Colleges. This is the new board which started to function only recently under the new master plan for education in this state.

The board assigned 14 private architectural firms as consultants to guide the physical completion of present and future state college campuses. At the same time, it announced only four of the campuses were assigned to the State Division of Architecture.

Out of the four assigned to the state, only one is in process of major development. This is the State College for Alameda County, in Hayward, Fresno, San Francisco and San Jose all are older colleges, and a large part of the work, except for expansion, has been completed.

RESPONSIBILITIES of the consulting architects, said Buell G. Gallagher, chancellor of the state colleges, both private and state, will be to assist the president of the colleges in the orderly, long-term development of the campuses.

"This is a significant responsibility," he said, "and will result in the obtaining of more efficient and more attractive campuses."

The chancellor said that selection of all private architects was made after all applicants for the work had been carefully evaluated by a previously selected panel of three widely-known California architects.

ALTHOUGH the private firms have been hired as consultants, all current building projects at the state colleges are presently being handled by the State Division of Architecture. In addition to the current work, the action of the College Board of Trustees assigned the state approximately 60 per cent of new work, and about 40 per cent going to private firms.

However, despite the preponderance of work handled by the state division, the fact that 40 per cent of new work is going to private

mandering of their districts as would those who refused to succumb to his blandishments, some of whom have been rendered literally homeless.

"In fact, I have a friend in the Assembly — he is one of the dispossessed — who is prepared to so testify under oath. But Pat, obviously, knew nothing at all about this — and probably would have fainted away if it had been called to his attention."

"Well, now Pat knows — and we all sincerely hope that with proper treatment, he will recover and make his adjustment to life."

TUCKED AWAY from the realities of political life in that secluded Governor's office up there in Sacramento, Pat only has to cross the lawn to the Senator Hotel where he can learn plenty about political realities, not to say political dealing — even a bit of rigging now and then, and there are boys upstairs in the Assembly and Senate who know their way around.

Mebbe it's just as well that Pat doesn't learn about the political bees and birds, for how else can he retain wonderful memories of his age of innocence during his first — and only — term at Sacramento?

POLITICS AS USUAL — You can almost always count on the national chairman of a political party to say what is obvious, but

WEEK, Oct. 19, 1950—Rev. Clarence H. Shackelford, pastor of Trinity Presbyterian Church, has received his orders to report for active duty as a U.S. Navy chaplain. He will report to San Francisco on Tuesday, Oct. 27, for air transportation to Japan. Lt. Comdr. Shackelford will be attached to the Naval Hospital at Yokosuka in Tokyo Bay. Ironically, the Presbyterian church pastor is being called away just at the time actual work on the new church is about to start.

The Chamber of Commerce last week decided on a theme for the 1950 P. E. Depot Christmas decorations and laid plans for "the best holiday festivities and program Sierra Madre has ever had." Theme of the depot and other Christmas decorations this year will be the small country church. The depot will be converted into an old-fashioned "meeting house" complete with steeple, stained-glass windows and church music emanating from within. The illusion of snow on the roof and ground will still be one of the main features of the Yuletide display.

"In fact, I have a friend in the Assembly — he is one of the dispossessed — who is prepared to so testify under oath. But Pat, obviously, knew nothing at all about this — and probably would have fainted away if it had been called to his attention."

"Well, now Pat knows — and we all sincerely hope that with proper treatment, he will recover and make his adjustment to life."

TUCKED AWAY from the realities of political life in that secluded Governor's office up there in Sacramento, Pat only has to cross the lawn to the Senator Hotel where he can learn plenty about political realities, not to say political dealing — even a bit of rigging now and then, and there are boys upstairs in the Assembly and Senate who know their way around.

Mebbe it's just as well that Pat doesn't learn about the political bees and birds, for how else can he retain wonderful memories of his age of innocence during his first — and only — term at Sacramento?

PTA On Monday Night To Distribute Copies Of 'Rules For Helping Hand'

Copies of "Rules For The Helping Hand Card," helpful in case of accidents to children, especially school pupils, prepared by the Sierra Madre PTA, will be distributed by room mothers at the organization's meeting Monday night at the school. A copy follows:

S.M. Okays Water Study

City Administrator Lawrence C. Bevington has notified the Arcadia City Council that Sierra Madre endorses the investigation proposed by City Manager Harold K. Schone of that city that the Upper San Gabriel Valley Municipal Water District explore all avenues of water, including cost of mains, pumping facilities and other factors which would be involved in bringing supplementary water into Sierra Madre and surrounding cities.

On the other hand, Duarte has advised the Arcadia Council that it does not favor the extensive inquiry, but did not commit itself as to future water needs.

Raccoon Makes Abode In Tree At Bell Home

Among the animals driven down from the mountains by the drought is a little old raccoon, his gimlet eyes casting about furtively, who has made his home in a tree on the Rev. Hugh S. Bell property at Mariposa and Lima.

At nights or early mornings the raccoon descends the tree and cautiously forages about the Bell garbage can. If surprised by Rev. or Mrs. Bell he speeds back up the tree in a hurry, looks out from a branch above and "scolds" the "intruders."

The Bells have become genuinely fond of the little fellow who they describe as large as the average dog.

continued from page 11
which cost Richard M. Nixon the election. They are angry with their fellow-Republicans and the Democrats.

All these factors lend some validity to the aggressive line that Mr. Miller has been pursuing. But there is also a built-in contradiction in the approach he employs. He may want to see John F. Kennedy fail. But if Kennedy does blunder will this help the cause of freedom and democracy?

It is just as important for

Mr. Miller, like all the rest of us, ought to be praying for Kennedy's success. What is at stake now is more than an irrigation project in the farm states or an appropriation for a highway in Texas.

POWER OF POSITIVE THINKING—The enemy is Khrushchev, not Kennedy. During all the difficult times that still lie ahead Rep. Miller, Senator Goldwater and even the Birchites ought to keep that in mind. We all know there is no simple solution for the problems that have developed over the years.

So the job of a responsible opposition at this critical point in American history might well be to come up with some useful suggestions on how we deal with the Communist threat. Since the immediate problem applies to Berlin, what do we want there?

It is just as important for

Mr. Miller to answer this question as for the President and secretary of state. Shall we advocate a united and neutralized Berlin? Are we in favor of German reunification and, if so, on what terms? Shall Germany be rearmed or disarmed?

REPUBLICANS like Senator Javits have come forth with some ideas, which merit discussion and thought. But Javits and others like him realize that words like "stand firm" or "appeasement" are not policies. Mr. Miller does not make this distinction.

Some Republicans argue that the job of the President and the secretary of state is to formulate policies; they shrug at playing any role except that of critic. Others insist that if the ideas are good the Administration will steal them, in keeping with ancient political custom, but that Mr. Kennedy will get the credit, not the Republic-

cans. So they won't help. Of course they may be barren of ideas. That is always a possibility.

What "practical" politicians do not understand these days is that many Americans no longer think of

themselves as Republicans or Democrats. They are not nearly so much concerned with who gets the credit but

that Berlin remain a bastion of freedom while we avoid nuclear war.
